1C DATA BACKUP

*comoda™*

Acronis

# We use Acronis technology to protect your data.

There's no need for manual backups or storing information on physical media anymore. Switch to a modern and efficient solution that **saves you time** and ensures the **integrity of your data**.

*comoda*<sup>™</sup>

# Acronis benefits

## Daily Backup

You no longer have to worry about losing your information.

The daily backup ensures that all your accounting data is **automatically copied every day**, including on weekends.

# Acronis benefits

## Secure Cloud Storage

Your data will be stored in a secure and protected environment.

We use Cloud technology to provide you with a reliable and accessible storage solution that ensures the **confidentiality** and **security of your data**.

# Acronis benefits

Acronis Data Centers are certified in terms of **cyber security** and **data protection (GDPR)**.

Acronis servers operate on a standardized infrastructure and follow **TIER3** data processing protocols.
