An all-in-one solution:

1. Server for 1C software.

2. Antivirus for data protection.

3. Automated backup.

4. Support & Maintenance.

comoda™

1. Server

We provide a **server solution tailored specifically for 1C,** meticulously crafted to tackle your data storage needs, bolster security against threats, and **supercharge your business efficiency**.

Our servers are housed in a secure data center, in accordance with international security protocols and standards.

comoda™

2. Uncompromising Security

Bitdefender

We provide an additional level of security through integration with Bitdefender Antivirus, **a leader in cybersecurity**.

Bitdefender protects the server from malware and other cyber threats, keeping your **data safe**.

comoda

3. Backup

Daily Backup

You no longer have to worry about losing your information.

The daily backup ensures that all your accounting data is automatically copied **every day, including on weekends.**
